Graduation is one of the most important milestones in our lives!

Academic achievement is an honor and a privilege.

All graduates have worked with dedication and strength of character,
facing many challenges, and overcoming many obstacles.

Therefore, with great pride, we want to introduce one of our graduates.

Congratulations!

Mr. Keith N. Williams

**Associate of Applied Science
in Child Development**

Mr. Williams is a retired First Sergeant with 27 years of military service. He is from New Orleans, Louisiana and he is a big SAINTS fan. He plans to retire again after 13 more years as a child care provider and educator. Just like when he was in the military, he loves to share his knowledge with all and help others to excel in life. After retirement, he wants to spend more time with his wife Nadine.

Mr. Williams extends thanks to all professors who supported, educated, and advised him, and most of all, to his wife Nadine. He is grateful for her understanding of all the long nights of study and absence from dinner meals, "Love you, Mama."

Mr. Williams will pursue a Bachelor's Degree in Early Childhood Development and a Bachelor's Degree in History. He wants to give back to his community and become a Director and Educator at a Child Development Center.
